## About

I'm an experienced software engineer, CTO of [Mindstep](#) and co-founder of [Orange Jellyfish](#), with a passion for all things web development. I am a particularly big fan of ES2015 (ES6), React, Node, CouchDB and (in the past) jQuery (38th to earn the [gold jQuery badge](#), 57th to earn the [gold JavaScript badge](#)). You can follow me on Twitter as [@james\\_allardice](#).

Some things I've written:

- [lintererrors.com](http://lintererrors.com) - Get detailed explanations of JSLint, JSHint and ESLint error messages.
- [Placeholders.js](http://Placeholders.js) - An HTML5 placeholder attribute polyfill. No dependencies on jQuery.
