About

Mitchel Sellers, Microsoft C# MVP, Microsoft Certified Professional, is the CEO of IowaComputerGurus Inc. He has many years of experience in the software development industry and specializes in development using Microsoft technologies. Over the course of his career he has completed work for many organizations across the world of varying sizes and structures. This experience as a consultant has provided him with a deep understanding of software development and

has lead to a focus on proper architecture, performance, stability, and overall cost effectiveness of delivered solutions.

Mitchel is also a regular public speaker, presenting topics at user groups and conferences as time permits. He is the
