About

Long-time Googler, recently moved to Tech Support for Cloud.

Lots of info about me is on my Google Profile and links therefrom, <https://www.google.com/profiles/aleaxit> , and some on my Python Wiki Homepage, <https://wiki.python.org/moin/AlexMartelli> .

I once spotted a SO-related tweet about me at Pycon, <http://twitter.com/justinlilly/status/9431196596> . The "is a machine" bit there is not new, see

<https://www.google.com/search?q=martellibot> , but I think it's the first time that particular comment has been elicited by observing me in real life, as opposed to just reading my posts &c.-)
