## About

Lapsed Catholic. Luddite Geek. Shy Chatterbox. A mass of contradictions wrapped in an open enigma.

Some days, I really regret making

<http://stackoverflow.com/a/3638034/14250> a comm. wiki question. Then I get back to helping people solve problems rather than trying to help myself score rep. (But still, over 1,000 upvotes would have really bumped me up the rankings...)
