About

Experienced Software Testing and Project Management Professional With over 15 years of hands-on experience in software testing, deployment, release management, and project management within Agile development environments, I bring a proven track record of delivering quality-driven solutions.

I excel in software testing and technical documentation, backed by strong communication skills in English, both written

and verbal. Adept at working under pressure and meeting tight deadlines, I ensure optimal performance in fast-paced environments.

Key Expertise:
