## About

My newest book is *GLIMPSE The WORLD: A Whirlwind Tour of and Lightning Reference to 200 Nations, from Afghanistan to Zimbabwe* and is available in three formats (hardcover, paperback, and Kindle). The Kindle version is [here](#).

"GLIMPSE The WORLD: A Whirlwind Tour of and Lightning Reference to 200 Nations, from Afghanistan to Zimbabwe" dedicates one page to each country. Included on that page is an AI-generated image representing the country, information about the country's location including the countries it borders, and a factoid or two about it.

It can be used as a reference to quickly locate or "get a feel for" a country.
