About

Bert JW Regeer is a software engineer working on exciting challenges that provide him the brain food he requires.

For more information about Bert please visit <http://bertjwregeer.com>, or take a look at his new engineering notebook located at <http://funcptr.net/>!

Bert is the current maintainer for [WebOb](#) and an avid Python developer working on and with [Pyramid](#).

All source code/snippets of code provided by me on any StackExchange site (StackOverflow being the primary one) is available under a MIT license without attribution required.
