## About

# The secret life of Toon (also known as GameCat)

I have been a programmer for more than 30 years. Use Delphi most of the time, but have experience in PHP/C/C++/Java/C# and several other languages. And also (X)HTML/CSS/XML/ASP/XSL/Javascript and more web based languages.

In real life I am a father of two. I like to work with (chain)mail as you can see from my picture. In de evenings I teach other people to use First Aid techniques like CPR.
