About

I have an extensive background in [UNIX](#)  and [security](#)  as a research lead in [threat intelligence](#) , specializing in fighting [spam](#)  and other online threats. I run [free/open source software](#) , preferring [copyleft](#)  licenses and participating in several free software projects.

I'm a fan of [agave spirits](#)  and [agave cocktails](#) .

I'm on Mastodon as [@adamhotep@infosec.exchange](#) and Twitter as [@adamhotep](#). I also review graphic novels in tweet pairs as [@ReviewGN](#). Message me on Keybase or DM me to get in touch with me.
