About

My name is [Jonathan Sampson](); I'm a full-stack web developer located near Pensacola, FL, United States. Up until September of 2016 I served as a Program Manager on the Internet Explorer and Microsoft Edge team at Microsoft. Today I am fighting evil ad-tech at [Brave Software]().

I'm a huge advocate of community, and open-source software. I had the great honor of being a community moderator on Stack Overflow from [February 2010]() to [March]()

2013. Additionally, I try to give back when and where I can through [GitHub](#).

I recently did walkthroughs on the HTML, and CSS2.1 Specifications. These can be found online at
