Hey! Check out Superhero Comics - a jam-packed 3D/VR bookstore, at wearevr.com

Watch a brief video tour here

40+ years programming everything. Virtual and shared online environments is my current focus. User-interface design and human-facing applications has been my main specialty for well over 30 years contributing core IP to several startups.

I have specific experience in 2D, 3D, VR and AR applications over a wide array of projects for several young startups dating back to days at MIT's Media Lab. In the past, I've been involved with unique work utilizing Papervision, Alternativa, Torque and Unity. Most recently I've made many exploratory
