About

French C++ Developer with Web skills from previous work, and a taste for role-playing games • [linkedin](#) • [Careers 2.0](#) •

Quotes I like:

- RAII is the single most important notion of C++. Everything else is related.

- Prefer certain code ergonomics to supposed code performance.

- Because I'm coding in C++, once the code compiles, it works.

- If using the `class` keyword was enough to qualify as
