About

Hello, my name is Derek and I am 43. I live with my partner John and Prince the cat in a small apartment building we own in West Des Moines, IA. We were full time RV'ers for six years with our 2001 Winnebago Ultimate Advantage 40J motor home.

I program Lotus Notes/Domino applications and web sites for a major financial institution. My interests include geeky computer stuff, programming, going for bike rides, working

out, 8-tracks, ham radio, eating chicken, retro computing, watching reality TV and playing computer games.
