About

Started programming in 1980 at SAC headquarters in Omaha, NE. I worked on 3D applications for B-52 and Cruise Missile mission planning. The last 33 years I have worked at Seabrook Station nuclear power plant in NH. I work on various utility and interface applications that provide missing functionality or integrate different fleet wide applications (for 5 nuclear power plant sites). In addition I manage several IIS, Oracle Application, WebLogic, and Tomcat servers.

I am currently working on Java applications hosted on WebLogic and Tomcat.

I love to troubleshoot/debug difficult problems, and to achieve
