About

[Check out my CV on Stack Overflow Careers](#)

I'm a Java developer with exposure to several other languages and platforms including .Net, Ruby/Rails, and Flex.

I've worked on a variety of types of projects ranging from short term individual work to very large scale, multi-phase projects using multiple large development teams.

I've developed both back end message processing systems as well as end user facing webapps.

I most enjoy working on smaller teams with other talented
