About

[My programming blog.](#)

Motto:

> *Reparare in orbita*

"This process of constructing instruction tables should be very fascinating. There need be no real danger of it ever becoming
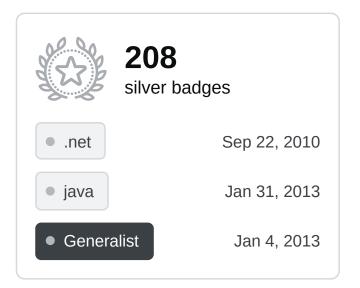

a drudge, for any processes that are quite mechanical may be turned over to the machine itself." *-- Alan M. Turing, 1946*
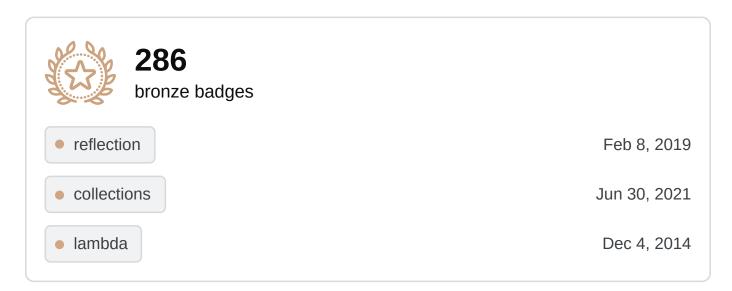

"The last thing one discovers in composing a work is what to put first." *-- Blaise Pascal, c. 1660*
